34. In case of labour rate tender, material will be supplied free of cost on the above conditions at work-site.
35. Excess/short consumption of the material will be dealt with as per chapter 27 of the Pb. PWD. Specification 2013 read with chapter 27 of the Pb. CSR-2010, both amended upon date. The penal rate quoted in the above chapters will be double the issue rate of the material indicated under clause 33 supra.
36. A list of Govt. issued material (if any) remaining surplus with the contractor shall be supplied by him to the Engineer-in Charge of the work within ten days of the completion of the work. The Engineer-in charge shall give a notice in writing and advice to the contractor for the materials accepted for return and shall fix reasonable time limit for its carriage by the contractor to the department stores. If the contractor fails to do so within the risk and cost of the contractor. In case he fails to furnish the afore-mentioned list, it would be presumed that he has no such surplus material left at site.
37. The contractor shall be responsible for the removal of all such debris as has been created by the work allotted to him from the site of work to specified place at contractor cost. No extra payment for removal, loading, un-loading and disposal of debris within the above limits will be made. In case the agency fail to remove and dispose-off the debris, it will be got removed by the department at the contractor's cost and on claim regarding the department having spent excessive amount on the removal of the debris shall be entertained.

38. Earth required by the contractor shall be brought only from the borrow areas duly approved by Engineer-In-Charge.
39. Surplus earth as a result of excavation of foundations shall be disposed-off as per approval of the Engineer-in-charge. No earth as excavated shall be sold by the contractor to private nor removed otherwise.
40. All cement concrete, whether plain or reinforced shall be poured with Mechanical vibrator after mixing in a mechanical Mixer unless otherwise specified or directed by the Engineer-in-charge. It shall be the sole responsibility of the contractor himself to arrange for the concrete mixer and vibrator at his own cost.
41. The work will be executed as per PWD. Specification-2013/Punjab Common Schedule of Rates of any other amendment up to date and as per Contract Agreement Specification to the entire satisfaction of Engineer-In-charge. Common Schedule of Rates (CSR) shall be Punjab Common Schedule of rates with up to date amendments including sanctioned zonal premium (including issue rate of material) declared up to the date of opening of tenders. Even though all the works and materials necessary to satisfactory completion of the works may not be detailed in the specifications and schedules, their costs will be considered to be within the contract and no claim for extra charges will be accepted, provided that there is no substantial revision in the specifications of the work in which the consequential changes in price shall be on the already approved rates after approval by the competent/sanctioning authority.
42. The quality of material to be used for the work (s) by the contractor shall be got approved from the department prior to starting of the work(s).
43. The quality of work shall be the prime essence of the contract and no compromise whatsoever in this regard will be acceptable.
44. The Engineer-in-charge will bring into the notice of Contractor if any defect is found during execution. Such action of the Engineer-in-charge shall not affect the Contractor's responsibility. The Engineer-in-charge can instruct the Contractor to uncover & test any work that Engineer-in-charge considers that it may be defective. Whereas such notice of defect is given, the contractor shall correct the same within stipulated time failing which defect shall be got removed at contractor's risk & cost will be recovered from Contractor's bill/security.
45. If the Engineer-In-charge instructs the contractor to carry out a test specified in the specifications to check whether any work has a defect, the contractor shall pay for the test/and any sample cost etc.
46. If the Engineer-In-charge instructs the contractor to carry out a test not specified in the specification to check whether any work has a defect and the test shows that it has, the contractor shall pay for the test/and any sample cost etc.
47. The Engineer-In-charge shall give notice to the contractor about of any defect before and prior to the end of the defects liability period, which begins at completion and is defined in the contract data. The defects liability period shall be extended further so long as defects remain to be rectified/set right.
48. Whenever a notice of a defect is given, the contractor shall correct the notified defect within the prescribed time limit specified by the Engineer-In-Charge in notice.
49. Uncorrected Defects: In the event of the contractor failing to remedy the defects, or remove the inferior quality material that he contracted for, within a period specified by the Engineer-In-Charge, as per notice given in this regard, then the contractor shall be liable to pay compensation which shall be determined by the Engineer-In-Charge, depending on the nature or defect, provided that it shall not exceed the amount which will be required to set it right, by the Engineer-In-Charge by making own arrangement at departmental level or through an outside agency.
50. In case of any delay or short supply of the material to be supplied by departmentally, no claim for any compensation shall be entertained due to interruption in the work or the labour thus rendered idle. However, contractor shall arrange such quantity/quality of material/cement as ordered by the Engineer-in-charge at his own cost at the lowest market rate and no recovery of cost/quantity of such material will be made from contractor bill.

The difference of cost of material if any then the stock issue rates as provided in departmental rates shall be paid to the contractor.

51. As per decision of the Hon'able Supreme Court, no over loading is to be done by the contractor. If it is found that over loading of material is carried by the contractor, then the carriage rates shall be reduced by 50% and the recovery will be made from the bill of the contractor. Full rate shall only be allowed if it is certified by the field staff that the actual carriage of material is within the norms and no over loading has been done.
52. If the work is to be carried out in the restricted area, the work permits for contractor's labour & material will have to be obtained by the contractor from the BBMB.
53. In the event of the failure of the contractor to complete the work within stipulated period, he shall be liable to pay as compensation an amount equal to 1/2 % per week, or part thereof subject to maximum 10% ordered value/contract value for the period of delay in completion.
54. Arrangement of water and Electric power required by the contractor for the work shall be made by him at his own cost. Water charges shall be deducted from bill of contractor if department water is used by the contractor @ half percent of the gross value of work done. In case electric supply is made by the department on the request of the contractor, the recovery of the electricity charges shall be made as per prevailing commercial rates.
55. In case of any dispute between contractor and department during execution of work the matter shall be referred to concerned competent authority to approve the tendered rates / work order whose decision shall be final and binding on the contractor and the department.
56. In case of any dispute between the parties, local court at Mukerian shall have the jurisdiction to settle/decide and adjudicate upon such matter.
57. Any material left at the site of work after a month from the completion of work shall become the property of the BBMB and no part payment shall be made to the contractor for such material.
58. Defects Liability Period will be 31/03/2019 week/months/years calculated from the completion date of the work/project.

SPECIAL TERMS & CONDITONS:-
