(Form-F-1)

Percentage rate tender

AND

Contractors work

GENERAL RULES AND DIRECTIONS FOR THE GUIDANCE OF CONTRACTOR

1.(A) All work proposed for execution by contract will be notified in a form of invitation to tender pasted on a board hang up in the office and signed by the Addl Superintending Engineer.

(B) This form will state the work to be carried out, as well as the date for submitting and opening of the tender and the time allowed for carrying out the work, also the amount of earnest money to be deposited with the tender and the amount of the security deposit to be deposited by the successful tender and the percentage, if any to be deducted from bills. Copies of the Specifications, designs and drawings DSR-2014 and any other documents required in connection with the work signed for the purpose of identification by the Addl Superintending Engineer shall also be opened for inspection by the contractors at the office of the Addl Superintending Engineer during office hours.

2. In the event of the tender being submitted by a firm it must be signed separately by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding a power of attorney authorizing him to do so.

3. Any person who submits a tender shall fill up the usual printed form, stating at how much percent above or below the rates specified, he is willing to undertake the work. Only one rate of percentage more or less on the DSR-2014 shall be named. Tender which purports any alteration in the work specified in the said form of invitation to tender, or in time allowed for carrying out the work or which contain any other condition of any sort, will be liable to rejection. No single tender shall include more than one work, but contractor who wish to tender for two or more works shall submit a separate tender for each. Tender will have the name and number of the work to which they refer written outside envelop.

4. The Addl Superintending Engineer or his duly authorized assistant will open tender in presence of any intending contractors or their authorized agents who may be present at the time, and will enter the amount of the several tenders in a comparative statement in a suitable form. In the event of tender being accepted, a receipt for the earnest money forwarded there who shall thereupon be given to the contractor for the purpose of identification sign copies of the specification and other documents. In the event of a tender being rejected, the earnest money forwarded with such unaccepted tender shall thereupon be returned to the contractor making the same.

contd.....2

5. The Addl Superintending Engineer shall have the right of rejecting all or any of the tender.
6. The department may refuse or suspend payments on account of a work when executed by a firm or by contractors described in their tender as firm, unless receipts are signed by all the partners or one of the partners, or some other person produce written authority enabling him to sine effectual receipt on behalf of the firm.
7. The receipt of an accountant or clerk for any money paid by the contractor will not be considered as an acknowledgement of such payments to the Addl Superintending Engineer and the contractor shall be responsible for seeing that he procure receipt signed by the Addl Superintending Engineer / Sr. Account Officer.
8. The Memorandum of work tendered for and the memorandum of materials to be Supplied by the BBMB and their issued rates, shall be filled in and completed in the office of the Addl Superintending Engineer before the tender form is issued, if a form is issued to an intending tender without having been so filled in and completed, he shall request the office to have this done before he completes and delivers his tender.
9. During the execution of the work at site, all safety measures will be taken by the contractor. In case any accident or life loss during the execution of work, the compensation/insurance will be afford/given by the contractor. BBMB will not be responsible for any such type of actions.

SECTION I TENDERING & CONTRACT AGREEMENT

SUBMISSION OF TENDERS :

Notwithstanding anything contained to the contrary in the specification of tenders or in subsequent exchange of correspondence, these conditions of contract shall be binding on the contractor and any change or variation expressed or implied however made in the said conditions shall not be valid or operated unless expressly approved by the competent authority. The contract shall be deemed to have fully informed himself and to have special knowledge of the provisions of the conditions of contract here in contained.

The following instructions must be carefully observed by all Tenderers. Quotations / Tenders not strictly in accordance with these instructions will be liable to be rejected. Failure to comply with any of these instructions or to offer explanation for noncompliance is likely to render effective comparison of the tender as a whole impossible and may lead to rejection of an otherwise apparently lowest offer :

- i)The tender must be complete in all respect.
- ii) All paper of Tenders should be signed by the contractor.
- iii)Conditional tenders, telegraphic through telefax, fax, tenders not to prescribed forms or tenders without earnest money in the required shape shall not be accepted.
- iv)The tender shall be sent in two separate envelope, one envelope containing the main tender, (all copies) and the other containing the earnest money. While opening the tenders the envelope containing earnest money shall be opened first and in case the deposit of the earnest money is in accordance with the terms of notice inviting tender only then the second envelope containing the tender shall be opened.
- v)Both the envelopes i.e. earnest money envelope and main tenders price bid envelope should be enclosed properly in a cover addressed to Addl Superintending Engineer/Addl. Superintending Engineer, O&M Divn. BBMB Delhi. The inner & outer cover of all envelopes shall be sealed and subscribed with tender specification No. as given on the enquiry tender notice together with the date on which the tender opening is due and the name of work.
- vi)In case contractor quotes the rates above or below on both DSR-2014 + premium shall not be considered. Tender evaluation shall be done as per DSR-2014 latest amendments i.e. "The percentage tendered premium/ abatement shall be added to/ subtracted from zonal ceiling premium only. The percentage so arrived at shall be applicable to the basic rates printed in DSR-2014.
- vii)The tenderer should have experience in the similar job. Necessary proof/ documents in this regard for satisfactory completion of work Shall be submitted with the tender.

contd.....6

1.2 TENDERS TO BE INVALIDATED

The tender must be complete in all respects. Conditional, incomplete or not properly sealed tenders and tenders received late due to any reason whatsoever will be rejected.

1.3 INSPECTION OF SITE BY TENDERERS :-

Tenderer should inspect the site and examine and obtain all information required and satisfy himself regarding all matters and things before submission of his tender such as:-

- i) Whether any existing access to the site is available on the highway, its suitability for transporting his equipments and the extent of maintenance required to keep it into a serviceable condition.
- ii) The type & extent of access roads to be provided by the contractor including its maintenance for the transportation of equipment.
- iii) The type and number of equipment and facilities required for the satisfactory completion of work the quantities of various sections of the work, the availability of local labour, availability and rates of material, local working conditions, extreme weather conditions, uncertainties of weather, obstructions and hindrances that may arise etc. all which may affect the work or cost thereof.

1.4 SIGNING OF THE TENDERERS

Tenders shall be signed by the owners or person holding power of attorney by him to do so. Necessary documents in support thereof should be closed with bid at the time of submission, failing which tender may not be considered.

1.5 EARNEST MONEY

The tenderer shall be required to submit earnest money @ 1% of the tender value rounded of the multiple of Rs. 10 on the higher side. The draft representing earnest money should be in favour of Sr. Accounts Officer, BBMB Delhi payable at Delhi.

Public sector undertaking fully owned by the Punjab Govt./ Central Govt./ other State Govt. shall exempted from depositing earnest money. Provided that a certificate of Government ownership shall be submitted in the envelopes for earnest money.

Earnest money to the unsuccessful tenderer will be refunded within 30 days after award of contract order to the successful tenderer.

contd.....7

1.6 TENDER TO CONFORM TO SPECIFICATIONS

Tender which proposes any alternation in the work specified in the tender specification or in time allowed for carrying out the work or which contains any other terms & conditions of any sort will be liable to rejection.

1.7 RATES TO INCLUDE EVERY THING NECESSARY

a) Prices & rates quoted shall include cost of all material charges for labour including all leads & lifts, tools, plant, mobilizing and demobilizing equipment, consumable such as but not limited to fuels, lubricants, electrodes, acetylene etc. fixtures setting out transport charges, taxes royalties, octroi for temporary/ permanent work and any local taxes or levies payable on all transactions necessary for due performance of work under this contract, quoted rates shall take into account all the above and everything also necessary and such quoted rates shall remain firm for the entire duration of the contract. Bidders shall note that later claims on account of non-inclusion of some or any necessary item in his quoted rates will not be entertained under any circumstances.

b) The rates quoted shall take into account details of construction which are obviously & fairly intended, and which may not have been specifically referred to in these documents but are essential for the satisfactory completion of work.

c) The rates quoted shall be good for all shapes and sizes of members whether or not shown in tender drawings issued along with the specification.

d) The rates quoted by the bidder shall remain unaltered for the use of any type of cement such as Portland puzzolens or ordinary Portland etc. supplied by the Board.

e) The rates quoted by the bidder shall include any straightening of raw steel, coiled sheets etc. prior to use on works.

Contd.....8

1.9 ALL CUTTING/ CORRECTIONS TO BE INITIALLED:

Each page of the tender document including the schedule of quantity and bid drawings be signed & dated by tenderer in ink as a taken of his having examined the same. Any correction in the rates quoted in the scheduled of the quantities shall also be signed with date by tenderer before submitting the tender. All corrections & additions or pasted slips should be initialed by the contractor. Non-compliance with these conditions will make the tender liable to rejection.

1.10 RIGHT TO REJECT ALL OR ANY TENDER :

The officer inviting tenders/ contracting agency/ Board reserves the right to reject any or all the tenders received without assigning reasons. He will not be responsible for and will not pay for expenses or losses that may be incurred by tenderer in preparation of the tender.

1.11 Delhi/Haryana VAT CLEARANCE :

The tenderer while applying for issue of tender should certify that upto date returns have been filed by him under Delhi/Haryana VAT on work contract Act, 2004 and Rules 2005 and should produce attested copies of such returns submitted to the Deptt. of Trades & Taxes.

1.12 VALIDITY OF TENDERS :

The tenders as submitted should be valid for acceptance for at least 120 days from the date of opening of tenders, unless specified otherwise.

1.13 POST TENDER MODIFICATIONS :

No modification to bid shall be made by the bidder after opening of the bids unless specifically requested by BBMB. The earnest money of the bidder, who modifies after opening, without any specific reference from BBMB shall be forfeited without any further reference to the bidder and he shall be liable to further action like suspension of business dealing/ blacklisting.

contd.....9

1.16 OCTROI AND OTHER DUTIES :

As per Rules

1.18 PLANT & EQUIPMENT.

i) The contractor, shall at his own expense supply all tools, plant & equipment (hereinafter referred to as T&P) required for the execution of the contract other than those listed in tender documents/ contract agreement which subject to their availability may be hired from BBMB to the contractor or issue free for use in execution of the work as specified in the tender documents.

ii) The details of plant, equipment & machinery available with the tenderer in working order for deployment on the work shall be submitted along with relevant information on the capability, financial resources and experience about himself.

1.19 SPLITTING OF WORK :

The BBMB reserves the right to split up any %age of the work in the scope of this contract among more than one contractor during the progress of work due to unsatisfactory progress of work of the contractor. (The provision of reverse the right to split the work at the initial stage of award can be incorporated in specific case where relevant, with the approval of the component authority). The BBMB will not entertain any claim from any contractor as a result of such splitting up. The BBMB also reserve the right to exclude/ include any items of work from / into scope of the contract during the progress of work due to any reason whatsoever. The Engineer-in-Charge reserves the right to inject labour, T&P & materials at the contractor's cost at any stage of work, if the progress is not commensurate with the committed schedule and the contractor will not have any right to object.

1.20 BID/CONSTRUCTION DRAWINGS :

The list of drawings given in the tender documents are intended only to convey to the tenderer a general of the type & extent of work involved. As such they are indicative for the tender purpose only. The construction drawings shall be issued to the contractor progressively after award of contract to suit work/ project priorities. The construction designs can also be revised due to any reason whatsoever before execution of that part of the work. No claim will be entertained from the contractor for any such revision if the construction drawings are at variance from those issued for tender purposes and also due to any revision of the construction drawings issued before execution of that part of the work.

1.21 SIGNING OF CONTRACT:

In the event of tender being accepted an intimation shall be given to the contractor, who shall thereupon attend office of Accepting Officer to sign copies of the specification and other documents and to execute the contract agreement within specified date of the issue of such intimation failing which acceptance of his tender shall be cancelled and his earnest money will be forfeited.

contd.....11

Schedule C

SECTION : II : GENERAL CONDITIONS OF CONTRACT

2.1 SCOPE OF CONTRACT :

The contract comprises the planning, erection and maintenance of the work and except, in as far as contract otherwise provides the provision of all labour, material, supervision, storage, constructional plant, equipment, supplies, transportation to or from the site, fuel, electricity, temporary works and everything whether of a temporary or permanent nature required and for such construction, erection, completion maintenance and handing over of the works except items specified to be furnished by the purchaser or others, all in accordance with the stipulations laid down in the contract and additional drawings as may be provided by the Engineer-in-Charge during execution of the works.

Even though all the work and materials necessary to satisfactory completion of the works may not be detailed in the specifications and schedules, their costs will be considered to be within the contract and no claim for extra charges will be accepted, provided always that there is no substantial revision in the specifications of the work in which the consequential changes in price shall mutually agreed between the owner and the contractor.

2.2 SUPPLY OF PLANT MATERIAL AND LABOUR

Except where otherwise specified the contractor shall at his own expenses supply and provide all the T&P temporary works, material, both for temporary & permanent works, labour (including the supervision thereof) transport to or from the site and in and about the works and other things of every kind required for construction erection, completion and maintenance of work.

contd.....12

2.3 FIRE FIGHTING EQUIPMENTS :

Contractor shall provide and maintain adequate portable firefighting equipment at the site during the performance of the contract to the satisfaction of the Engineer-in-Charge and the local firefighting authority. The work shall be executed in such a manner so as to minimize fire hazards.

2.4 WATER AND ELECTRICITY :

Soft Water if required will be arranged by the contractor at his own cost and if supplied by the Deptt shall be recovered from the contractor's Bill.

The charges of Electricity shall be borne by the contractor as applicable

2.5 SETTING OUT:

a) Contractor shall set out the works and shall be responsible for the true and perfect setting out of the same and for the correctness of the positions, levels, dimensions and alignment of all parts thereof. If at any time any error shall appear during the progress of any part of the work, the contractor shall at his own cost rectify such error to the satisfaction of the Engineer.

b) Contractor shall provide all facilities, instruments and attendance to Addl Superintending Engineer or his deputed representative to check his work. Instruments brought by contractor shall be in good working condition recently calibrated and are subject to approval by Addl Superintending Engineer. Checking in part or full of any setting out of any line or level by the Addl Superintending Engineer shall not in any way relieve Contractor of his responsibility for the correctness thereof.

c) Contractor shall establish and maintain base lines and bench marks adjacent to the various section of work. All such marks and stakes must be carefully preserved by contractor and in case of their destruction/ dislocation by him, or any of his employees or otherwise, will be replaced at contractor's expenses.

2.6 WORK TO BE EXECUTED AS PER DRAWINGS SPECIFICATION

ETC:

The contractor shall execute the work strictly in accordance with the drawing & specifications. The contractor shall also confirm exactly and faithfully to the designs, drawings and instructions in writing relating to the work signed by the Engineer lodged in his office and or supplied to the contractor.

contd.....13.

2.7 DRAWINGS & SPECIFICATION :

- a) One set of the Drawings & Specifications and schedule of quantities shall be furnished by Engineer to Contractor. Such copies shall be kept on the works and Engineer and his representatives shall at all reasonable to have accessed to the same. They shall be returned to the Engineer by contractor along with the final bill of the contract. The necessary Drawing can be seen in the O/O undersigned before filling the tender.
- b) Matter shown either on the drawings or in the specifications shall be executed/ furnished as if shown in both except where specific provision made in the drawings superseding the specifications.

2.8 GUARANTEE FOR BOARD'S MATERIAL

The board will issue materials for use on works as detailed separately. The contractor shall furnish the board with a guarantee that material supplied by board to the contractor will be issued exclusively for the work for which issued and for other auxiliary works such as construction of storage sheds, field offices staff/labour quarters and warehouse, tool room etc. The contractor shall be responsible for the loss, destruction or deterioration of the material supplied him by the board, even if such loss, destruction or deterioration has occurred under any circumstances whatsoever beyond his control as the materials so supplied were his property.

2.9 BENCH MARKS

Permanent reference bench marks established and maintained by the BBMB are available on or close to the project site. Contractor shall arrange to build and maintain at his cost any additional temporary bench marks that may be required by him to lay out lines levels etc. required for the completion of the work covered in the contract. The contractor shall also arrange at his cost for a necessary surveying, leveling etc. to be carried out to standardize the co-ordinates and levels of these additional temporary bench marks with reference to the nearest of the permanent bench marks mentioned above. The responsibility for the accuracy of the temporary bench marks for any works carried out based on these bench marks lies entirely with the contractor.

2.10 SITE FACILITIES CONTRACTOR

The contractor will be required to provide at his own cost all facilities for his office, ware house, tool room, change room, labour huts or any other building structure required to execute his work. However, material required for these infrastructures and available in Boards site store shall be made available to this contractor at the rate & terms mentioned in the specifications.

contd.....14

2.11 WORK TO PROCEED UN-INTRRUPTED

It shall be ensured by the contractor that work shall proceed un-interrupted even in the event of power failures. As such the contractor should install diesel generator of adequate capacity or provide adequate number of diesel operated machinery such as dewatering pumps, concrete mixers, diesel generator, vibrators, welding sets etc.

2.12 NIGHT SHIFTS:

The time of completion shall be deemed to exclude working during night shifts. However Engineer may consider granting permission for working during night shifts if considered essential to complete the work in the stipulated time on a specific request by a contractor. Night work shall not entitle the contractor to any extra payment. Where night work in progress, sufficient lights shall be provided by the contractor at his cost of safe guard the workmen and the public and suitable precautions shall be taken to prevent accidents. Excavated areas and underground open structures shall be properly barricaded and shall be provided with red lights to prevent accident falls.

2.13 CONTRACTOR'S STAFF :

Contractor shall have qualified engineers and foremen/ supervisors with adequate experience in execution of works at the site for satisfactory progress and completion of the work as directed by engineer. His site engineer shall be responsible for all aspects of the work at site and shall take instructions from the Engineer and carry out his instructions. All temporary electrical installations shall be supervised by a qualified electrical supervisor of the contractor.

2.14 PROTECTION OF WORK BY CONTRACTOR :

During inclement weather or rain, contractor shall suspend concerting for such time as the Engineer may direct and shall protect from damage all works already in progress or completed just there. All such temporary protective measures shall be at contractor cost and any damage to works shall be made good to the satisfaction of the Engineer by the contractor of his own expense. Should the work be suspended by reason of strikes/ riot by contractor's own employees or any other cause whatsoever except the pre major conditions contractor shall take all precautions necessary for protection of works and make good at his own expense any damage arising from any of these causes.

contd.....15

2.15 CO-ORDINATION WITH OTHER AGENCIES :

During the course of contractor work, other works either by the board or by other contractors or by both simultaneously will be in progress within the project area. Contractor is to make his best effort to work in harmony with others in the best overall interest of the project and its speedy construction and comply with engineers instructions in making alternative arrangements at any time for maintaining the work schedule at no extra cost to board.

2.16 ASSIGNMENT OR TRANSFER OF CONTRACT :

The contractor shall not, without the prior written approval of the Accepting Authority, assign or transfer the contract or any part thereof, of any share or interest therein to any other person.

2.17 SUB CONTRACT :

The contractor shall not sublet any portion of the contract without prior written approval of the Engineer.

2.18 COMPLIANCE TO REGULATIONS ANY BY-LAWS :

The contractor shall confirm to the provision of any statute relation to the work and regulations and by-laws of any local authority and of any central state department or undertaking with whose system the work is prepared to be connected. He shall before making any variation from the drawings or specifications that may be necessitated for such connections, give the Engineer-in-Charge notice, specifying the variation proposed to be made and reasons there for and shall not carry out any such variation until he has received instructions from the Engineer-in-Charge in respect thereof, the contractor shall be bound to give notice required by statute regulations or by-laws as aforesaid and to pay fees and taxes payable to any authority in respect thereof.

2.19 CONTRACTOR TO REPORT ACCIDENT :

In the event or occurrence of any accident at or near the site of work or in connection with execution of the work, report shall be made immediately by the contractor to the engineer giving full details of the accident. He shall also report such accident to all the competent authorities.

contd.....16

2.20 REMOVAL OF CONTRACTORS PERSONNEL / WORKMEN :

The contractor shall employ on the execution of the works only such personal as are skilled and experienced in their respective trades. The engineer shall have full power at all times to object to the employment of any workmen, foreman, other employee on the work by the contractor and if the contractor shall receive the notice in writing from the engineer requesting the removal of any such men or man from the work, contractor is to comply with the request forthwith. No such workman, foreman or other employee after his removal from the work by request of the engineer shall be re-employed or re-instated on the work by the contractor at any time except with the prior approval in writing of the engineer. The contractor shall not be entitled to demand the reasons from the engineer for requesting the removal of any such workman, foreman or other employees.

2.21 WORK OPEN TO INSPECTION :

All works under or in course of execution of executed in pursuance of the contract shall at all-time be open to the inspection and supervision of the Engineer-in-Charge, representative engineer and his subordinates and the contractor shall at all times during the usual working hours and all other times at which reasonable notice of the intention of the engineer of his subordinate to visit the works shall have been given to the contractor during which period either he could be present to receive order and instruction or have a responsible agent duly accredited in writing present for that purpose. Orders given to the contractors duly authorized agents shall be considered to have same force and effect as if they had been given to the contractor himself.

2.22 NOTICE BEFORE WORK IS COVERED UP :

The contractor shall give not less than 7 days' notice in writing to the Addl Superintending Engineer or his subordinate in-charge of the work before covering up or otherwise placing beyond the reach of measurement any work in order that the same may be measured and correct dimensions there of taken before the same is, so covered up or placed beyond the reach of measurement any work without the consent in writing of Addl Superintending Engineer or his subordinate in charge of the work and if any work shall be covered up or placed beyond the reach of the measurement without such notice having been given or consent obtained the same shall be uncovered at the contractors expenses or in default thereof no payment or allowance shall be made for such work or for the materials with which the same was executed.

contd.....17

2.23 CONTRACTOR LIABLE FOR DAMAGE DONE :

If the contractor or his work people, or servants shall break, deface injure or destroy and part of a building, if they may be working on any building, road, fence, enclosures or grass land or cultivated ground contiguous to the premises on which the work or any part of it is being executed, or if any damage happens to the work, while in progress from any cause whatsoever, the contractor shall make the same good at his own expense or in default, the engineer may cause the same to be made good by other workman, and deduct the expenses which the certificate of the Engineer shall be final, from any sums that may be any time thereafter may become due to the contractor or from his security deposit or the proceeds of sale thereof, or of a sufficient portion thereof.

2.24 CONTRACTOR'S SUPERVISION :

The contractor shall either himself supervise the execution of the work or shall appoint at his own expense an Engineer as his accredited agent, approved by the Engineer In charge if the contractor does not himself have sufficient knowledge or experience to be capable of receiving instructions or cannot give his full attention to the works. The contractor or his agent shall be present at the site (s) and shall superintend the execution of the work of works with such additional assistance in each trade, as the work involved shall require and considered reasonable by the Engineer-In-charge. Directions/ instructions given by Engineer in charge to the contractor's agent shall be considered to have the same force as if these had been given to the contractor himself.

If the contractor fails to appoint a suitable agent as directed by the Engineer In charge, The engineer in charge shall have full powers to suspend the execution of works until such date as suitable agent is appointed by the contractor and takes over the supervision of the work. For any such suspension the contractor shall be held responsible for delay caused to the works.

2.25 CONTRACTOR TO SUPPLY PLANT LADDERS SCAFFOLDING AND SAFETY MEASURES ETC :

The contractor shall supply at his own cost all materials except such special materials, if any as may be supplied from the Board's stores in accordance with the contract, plant tools, appliances, implements, ladders, cordage, tackle, fuels, lubricants, gases, scaffolding and any temporary works etc. which may be required for the proper execution of the work in the original, altered or substituted and whether included in the specification or other documents forming part of the contract or referred in these

contd.....18

conditions or not and which may be necessary for the purpose of satisfying or complying with the requirement of the Addl Superintending Engineer as to any matter on which under those conditions he is entitled to be satisfied or which he is entitled to require together with carriage thereof to or from the work. The contractor shall also supply the requisite number of persons with means and materials necessary for the purpose of setting out works and counting, weighing and assisting in the measurement at any time and from time to time of the work or materials. Failing this the same may be provided by the Engineer at the expenses of the contractor and the expenses may be deducted from any money due to the contractor under the contract or from his security deposit or the proceeds of sale thereof or sufficient portion thereof. The contractor shall provide all necessary fencing and lights required to protect the public from accident and shall also be bound to bear expenses of defence of every suit, action or other legal proceeding at law that may be brought by any person for injury sustained owing to neglect of the above precautions and to pay any damages and costs which may be awarded in any such suit, action or proceedings to any such person or which may with the consent of the contractor be paid in compromising any claim by any such person.

2.26 WORK ON SUNDAYS/ GAZETTED HOLIDAYS :

No work shall be done on Sundays and Gazetted holidays without the sanction in writing of the Addl Superintending Engineer.

2.27 COMPENSATION UNDER WORKMEN'N COMPENSATION ACT :

The contractor shall be responsible for and shall pay any compensation to his workmen payable under the workmen's compensation Act 1923 (VIII of 1923) hereinafter called the said Act for injuries caused to the workman if such compensation is paid by the Board as principal under sub section (i) of section 12 of the said Act on behalf of the contractor, it shall be recoverable by the Board from the contractor under sub-section (2) of the said section. The contractor shall pay such amount of the compensation on demand, failing which it will be recovered from him by deducting it from any sums that may be due or become due to the contractor by the Board under the contract or otherwise.

2.28 CANCELLATION OF CONTRACT FOR INSOLVENCY ASSIGNMENTS OR TRANSFER OR SUBLETTING OF CONTRACT :

The accepting officer, without prejudice to any other right or remedy which shall accrue thereafter to BBMB shall cancel the contract in any of the following cases :

contd.....19

a) Being an individual or if a firm any partner thereof shall at any time be adjudged bankrupt or have a receiving order or order for administration of his Estate made against him or shall take any proceedings for liquidation or composition under any Bankruptcy Act for the time being enforce or make any conveyance or assignment of his effect of composition or arrangement for the benefit of his creditor or propose to do so, or if any application be made under any Bankruptcy Act for the time being in force the sequestration of his Estate or if a trust deed be granted by him on behalf of his creditors :

OR

b) Being a company, shall pass a resolution or the court shall make an order of the liquidation of its affairs, or a receiver or manager on behalf of the debenture holders shall be appointed or circumstances shall arise which entitle the court or debenture holders to appoint a receiver or manager.

OR

c) Make an arrangement with or assignment in favour of his creditors, or agree to carry out the contract under a committee of inspection of his creditors.

OR

d) Assigns, transfers, sub-lets or attempts to assign, transfer or sublet any portion of the work without the prior approval of the accepting officer

OR

e) Suffers an execution being levied on his goods or property and allows it to be continued for a period of 21 days.

Whenever the Accepting Officer exercises his authority to cancel the contract under this condition, he may complete the work by any means at contractor's risk and expenses provided always that in the event of the cost of completion (as certified by Engineer-In-Charge which is final and conclusive) being less than the contract cost, the advantage shall accrue to the BBMB and that if the cost of completion exceeds of the money due to the contractor under the contract, the contractor shall either pay the excess amount ordered by the Engineer-in-charge or the same shall be recovered from the contractor by other means.

Engineer-in-charge will have powers to take possession of the site and any material, constructional plant, implements, stores etc. thereon and or carry out the work by any means at the risk and cost of the contractor.

Contd.....20

In case the BBMB completes the work under the provisions of the condition, the cost of such completion to be taken into account in determining the excess cost to be charged to the contractor under this condition shall consist of the cost of materials purchased and/ or labour provided by the BBMB with an addition of such percentage to cover the superintendence and establishment charges as may be decided by the Engineer-in-charge whose decision shall be final and conclusive.

If the contractor fails to pay the excess sum within a period of 30 days the Engineer-in-charge shall have the right to sell any or all of the contractor's unused materials, constructional plant, implements, temporary buildings etc. and apply the proceeds of the sale thereof towards the satisfaction of any sum due from the contractor under the contract and if thereafter be any balance outstanding from the contractor it shall be recovered in accordance with the provisions of the contract or by other means available.

The contractor shall have no claim to compensation for any loss sustained by him by reason of his having purchased or procured any materials or entered into any commitments or made any advances on account of or with a view to the execution of the works or the performance of the contract and contractor shall not be entitled to recover or be paid any sum for any work actually performed under the contract unless and until the Engineer shall have certified the performance of such work and the value payable in respect thereof and the contractor shall only be entitled to be paid the value so certified after adjusting the amount due from him.

2.29 CHANGE IN CONSTITUTION OF FIRM AND ADDRESS :

In case of tender by partners any change in the constitution of the firm shall be forthwith notified by the contractor to the Engineer for his information. Any change in the address of the contractor shall also be intimated to the engineer forthwith.

2.30 TERMINATION OF CONTRACT ON DEATH :

Without prejudice to any of the rights or remedies under this contract, if the contractor dies, the accepting officer shall have the option of terminating the contract without compensation to the contractor.

2.31 SPECIAL POWERS OF DETERMINATION :

If at any time after the acceptance of the tender, BBMB shall for any reason whatsoever not requires the whole or any part of the work, to be carried out, the engineer shall give notice in writing to the fact to the contractor who shall have no claim to any payment of compensation or otherwise howsoever on account of any profit or advantage which he might have derived from the execution of the work in full but which he did not derive in consequences of the foreclosing of the work.

He shall be paid at contract rates, for the full amount of the work executed including such additional works, clearing of sites etc. as may be rendered necessary by the said foreclosing. He shall also be allowed a reasonable payment (as decided by the Accepting Officer) for any expenses sustained on account of labour and materials collected but which could not be utilized on the work, as verified by the Engineer-in-charge. Neither shall the contractor have any claim for compensation on account of any alterations having been made in the original specifications, drawings, designs and instructions, involving any curtailment of the work as originally contemplated.

contd.....22

Schedule -C

SECTION III : PERFORMANCE OF THE CONTRACT & PAYMENTS

3.1 SECURITY DEPOSITS :

The person whose tender shall be accepted (hereinafter called the contractor) shall permit owner/ Engineer at the time of making any payment to him for works done under the contract to deduct such sum as will (with the earnest money deposited by him) amount to 10% (Ten Percent) of the gross value of work done. Such deductions are to be held by owner/ Engineer by way of security deposit. All compensation or other sum of money payable by contractor to the owner/ engineer under the terms of this contract may be deducted from or paid by the sale of sufficient part of security deposit or from any sums which may be due or become due to the contractor by owner/ engineer on any account whatsoever and in the event of his security deposit being reduced by reasons of any such deduction or sale as aforesaid, the contractor shall deposit within 10 days thereafter make good in cash any sum or sums which may have been deducted from or raised by the sale of his security deposit or any part thereof. The Security deposit shall be refunded to the contractor after the expiry of defects liability period which is six months after the date so issue of completion certificate or payment of final bill whichever is later . No interest shall be payable to the contractor on the amount of security deposit. The Security deposit is to be deducted on the gross amount of running bill.

The earnest money deposited at the time of tender will be treated as part of the security deposit

3.2 ACTION WHEN WHOLE OF SECURITY DEPOSIT IS FORFEITED :

a) In any case in which under any clause or clauses of the contract, the contractor shall have rendered himself liable to pay compensation amounting to whole of his security deposit (whether paid in lump sum or deducted by installment). Or in case of

Contd.....23

abandonment of the work owing to serious illness or death of contractor or any other cause, the Engineer-in-charge on behalf of the Board shall have power to adopt any of the following courses as he may deem best a suited to the interest of the Board :

- i) To rescind the contract (of which recession notice of 1- 15 days in writing to the contractor under the signature of Engineer-in-charge shall be conclusive evidence) and in that case the security deposit of contractor shall stand forfeited and be absolutely at the disposal of the Board.
- ii) The employed labour paid by the Board, to supply materials to carry out the works, or any part of the works debiting the contractor with the cost of labour and the price of the material (as to the correctness of which cost and price, the certificate of the Addl Superintending Engineer shall be final and conclusive against the contractor) and crediting him with value of work done, in all respect in the same manner and at the same rates as if it had been carried out by the contractor under the terms of the contract and in that case the certificate of Addl Superintending Engineer as to the value of the work done shall be final and conclusive against the contractor.
- iii) To order that the work of the contractor be measured up and to take such part thereof as shall be unexecuted out of his hands and give it to another contractor to complete in which case any expenses which may be incurred in excess of the sums which would have been paid to the original contractor if the whole work had been executed by him (as to the amount of which excess expenses, the certificate in writing of the Addl Superintending Engineer shall be final conclusive) shall be borne and shall be paid by the original contractor and shall be deducted from any amount due to him by the board under the contract or otherwise or from his security deposit or the sale proceeds thereof or a sufficient part thereof.

In the event of the above course being adopted by the Engineer-in-charge the contractor shall have no claim to compensation for any loss sustained by him by reasons of his having purchased or procured any materials or entered into any engagements made any advance on account of or with a view to the execution of the work or performance of the contract. And in case the contract shall be rescinded under the provision aforesaid the contractor shall not be entitled to recover or to be paid any sum for any works thereof actually performed by him under the contract unless and until Addl Superintending Engineer have certified in writing performance of such work and the amount payable to him in respect thereof and he only be entitled to be paid the amount as certified.

b)In any case in which the power conferred by clause referred to above shall have become exercisable and the same shall not be exercised, the non-exercise thereof shall not constitute a waive of any of the conditions thereof and such powers shall be exercisable in the event of any future case of default by of the contractor when he is declared liable to pay compensation amounting to the whole of his security deposit, and the liability of the contractor for the past and future compensation shall remain unaffected.

In the event of the person conferred the power by clause referred to above putting in force by any of the alternatives (i) to (iii) above vested in him under the preceding clause, he may, if he so desires, take possession of all or any tools plant materials and stores, in or upon the work or the site thereof belonging to the contractor or procured by him and intended to be used for the execution of the work or any part thereof, paying or allowing for the same in account at contract rates or in case of these not being applicable at current market rates to be certified by the Addl Superintending Engineer whose certificate thereof shall be final and conclusive otherwise the Addl Superintending Engineer may by notice in writing to the contractor or any of his authorized agent require him to remove such tools, plants, material or stores from the premises (within a time to be specified in such notice) and in the event of the contractor failing to comply with any such requisitions, Addl Superintending Engineer may remove them at the contractor's expense or sell them by auction or private sale on account of the contractor and at his risk in all respects and the certificate of the Superintending Engineer as to the expense of any such removal and the amount of the proceeds and expense of any sale shall be final and conclusive against the contractor.

3.3 EXTENSION OF TIME :

1) If the contractor shall desire an extension of the time limit for the completion of the work on the ground of his having been unavoidably hindered in execution or of any other ground, he shall apply in writing to the Engineer-in-charge and the Engineer-in-charge may if in his opinion there are reasonable grounds for granting extension, allow such extension as he thinks necessary or proper. The decision of the Engineer-in-charge in this regard shall be final and binding.

2) For any delay in work on account of act of omission or commission at the part of the Board viz delay in issue of material alterations, omission, additions, substitutions in original specifications, drawings, design etc. only extension of time will be agreed for the period so lost and no compensation would be given on this account.

3.4 FORCE MAJEURE :

If at any time during the continuance of the work the performance in whole or in part by either party of any obligation under this contract, shall be prevented or delayed by reasons, of any war, hostility, acts of public enemy, civil commotion sabotage, floods, explosion, epidemics fires or other acts of god, strikes and lockout (hereinafter referred to as eventualities) then provided notice of the happening of any such eventuality is given by either party to the other within 15 days from the date of occurrence thereof, neither party shall be reasons of such eventually be entitled to terminate this contract nor shall either party have any claim for damages against the other in respect of such non-performance or delay in performance and construction of work under this contract shall be resumed as soon as practicable after such eventually has ceased. Appropriate extension in time of completion shall be granted.

3.5EXTRA ITEMS :

a)Extra items of work shall not vitiate the contract. The contractor shall be bound to execute extra items of work as directed by Engineer-in-charge . If extra items due to any alterations, addition or substitution or due to any other cause include any class of work for which no rate is specified in contract, the rates for such items/ shall be worked out on the basis of common schedule of rates and approved by the competent authority. Where the rates for non-agreement items do not exist in the common schedule of rates, the same shall be determined by analysis of rates.

b)In case of contract, not based on the common schedule of rates, the rates for such items shall be worked out as follows :

Cost of material as well as transportation charges shall be as per the vouchers furnished by the contractor or as per the prevailing market rate whichever is less. Addl Superintending Engineer reserves the right to verify the vouchers submitted by contractor and his decision in this regard shall be final and binding.

ii) Cost of labour shall be calculated on the basis of the actual labour employed (excluding supervisory staff) as recorded at the site for the item of work to entire satisfaction of the Addl Superintending Engineer whose decision shall be final and binding.

iii)10% of the cost of material and 25% of cost of labour as enumerated above shall be added towards contractor's profit, supervision and overhead charges etc. amount of 10% shall not be paid over the cost of material if the same are supplied by the Board and 25% on such amount of labour if rates for labour are taken as specified by contractors.

c)The Addl Superintending Engineer can sanction the rate provided the total amount of all such items under one contract is within his competence to accord technical sanction. When the total amount of all such items under one contract exceeds financial limit of the Addl Superintending Engineer he shall refer the matter to the next higher authority who will sanction the rate, if the total amount of all such items including those already sanctioned by Superintending Engineer is within his power to accord technical sanction, otherwise the matter will be referred to the Chief Engineer who has full powers to sanction such rates.

d)The contractor shall deliver return in the office of the Addl Superintending Engineer on or before the 10th of every month during the continuance of work covered by the contract, return showing details of any work claimed for as extra and as such return shall also contain the value of such work as claimed by the contractor for which value shall be based on the guidelines given above. Extra items shall be taken in hand only after written order from Engineer-in-charge. The contractor shall include in such monthly return particulars of all claims of whatsoever kind and howsoever arising, which at the date thereof he has or, may claim to have against the Boards under or in respect of or in any manner arising out of the execution of the work and the contractor shall be deemed to have waived all claims not included in such return and will have no right to enforce any such claim not so included, whatsoever be the circumstances.

3.6 FACILITIES TO BE PROVIDED :

a) STORES

The contractor shall be supplied with such materials/ the stores as defined in the contract, required from time to time to be used by him for the purpose of contract only and the value of the full quantity of materials and stores so supplied at the rates specified separately in the contract be set off or deducted from any sums then due or thereafter to become due to the contractor under the contract or otherwise against or from the security deposit of the proceed of the sale thereof. All the materials supplied to the contractor not shall remain the property of contractor but shall on any account be removed from the site of work without the written permission of the Addl Superintending Engineer and shall at all times be open to inspection by him. Any such materials unused and in perfectly good condition at the time of the completion or termination of the contract shall be returned to the Board's site stores and shall have no claims for compensation on account of any such materials so supplied to him as aforesaid being unused by him or for any wastage in or damage to any such materials.

b) WATER & ELECTRICITY FOR CONSTRUCTION OF WORK & CONTRACTOR STORES/OFFICE

Rent free land if available shall be made available at suitable locations as directed by Addl Superintending Engineer for office, stores and workshops.

3.7 COMPLETION/ FINAL CERTIFICATE

On completion of the work the contractor shall be furnished with completion certificate by the Addl Superintending Engineer of such completion but no such certificate shall be given nor shall the work be considered to be completed until works are taken over and/ or duly tested and put to operation as the case may be nor until the work shall have been measured by the Addl Superintending Engineer or whether the measurements have been taken by the subordinates until they have received the approval of the Addl Superintending Engineer the said measurement being binding and conclusive against the contractor. If the contractor fails to comply with the requirements of this clause as to removal of scaffolding, surplus material and rubbish and cleaning off dirt on or before the date fixed for the completion of the work, the Addl Superintending Engineer may at the expense of the contractor, remove such scaffolding, surplus materials and rubbish and dispose of the same as he thinks fit and clean off such dirt as aforesaid, and the contractor shall forthwith pay the amount of all the expenses so incurred, shall have no claim in respect of any such scaffolding or surplus materials as aforesaid except for any sum actually realized by the sale thereof.

3.8 ALL COMPENSATION/ PENALTY PAYABLE TO BE CONSIDERED REASONABLE :

All sums payable by way of compensation/ penalty by contractor under any of these conditions shall be considered as reasonable compensation to be applied to the use of Board without reference to the actual loss or damage sustained, and whether or not whether or not any damage shall have been sustained.

3.9 DEDUCTION OF AMOUNT DUE TO BOARD :

Any excess payment made to the contractor inadvertently or otherwise under this contract or on any account whatsoever and any other sum found to be due to Board by the contractor in respect of the contract or any other contracts or work order or on any account whatsoever may be deducted from any sum whatsoever payable by the Board to the contractor either in respect of this contractor or any work order of contractor or on any other account by any other office of the board.

3.10 ACTION WHERE NO SPECIFICATION

In the case of any class or work for which there is no such specification mentioned in the contract, such work shall be carried out in accordance with specifications as decided by the Addl Superintending Engineer i.e. Engineer-in-charge.

3.11 ACTION ON UNSATISFACTORY PROGRESS :

If the progress of a particular portion of the work is unsatisfactory, the Addl Superintending Engineer whose decision shall be final, notwithstanding that the general progress of work is satisfactory be entitled to take action under clause 3.2 ibid after giving the contractor 10 days' notice in writing and the contractor will have no claim for compensation for any loss sustained by him owing to such action.

3.12 DIARY AND PROGRESS REPORT

a) A daily diary register will be kept at site office. Contractor will supply all detailed information every day at 9.30 hours for the preceding day and the diary will be jointly signed by Addl Superintending Engineer/AEE/ AE and contractor's representative every day in token of its correctness. A work instructions book serially numbered will also be kept at site office and all day to day instructions will be given in that book. Contractor's representative shall report every day to see these instructions and sign them at the bottom in token of his having seen them. If the contractor's representative does not actually see the instructions and or sign the same, that shall not be in any way relieve him of his obligations or responsibilities.

b) Contractor shall supply the information regarding procurement of materials and progress of construction work, as is required by the Superintending Engineer, for compiling the weekly progress report this information shall be supplied at 9.00 hours on every Monday for the preceding week.

3.13 DAMAGED WORKS :

The contractor will be responsible for any and all losses of materials and damage to works till they are handed over as result of floods, earthquakes, wars, rains storms and other such acts of God etc. The owner will not be responsible for any compensation as a result of such damage or loss to the contractor and the contractor shall be liable to get right such damage at his own cost to the satisfaction of the Engineer/ owner. The contractor shall arrange insurance against above risks at his cost.

3.14 PENALTY FOR DELAY :

The time allowed for carrying out the work as entered in the contract shall be strictly observed by contractor and shall be reckoned from the date on which the order to commence work is given to the contractor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to be the essence of the contract on the part of the contract) and the contractor shall pay as penalty an amount equal to one half percent of the estimated cost of the whole work as shown in the contract for every week, the work remains unfinished after the contract completion period, provided always that the entire amount of compensation to be paid under the provisions of this clause shall not exceed 10% percent of the estimated or actual cost of work whichever is higher.

3.15 ACTION AND COMPENSATION PAYABLE IN CASE OF BAD WORK :

a) If it shall appear to the Engineer-in-charge or his subordinate in charge of the work, that any work has been executed with unsound, imperfect or unskillful workmanship, or with materials of any inferior description or that any materials or articles provided by him for the execution of the work are unsound, or of a quality inferior to that contracted or otherwise not in accordance with the contract, the contractor shall on demand in writing from the Engineer-in-charge specifying the work materials or articles complained of notwithstanding that the same may have been inadvertently passed, certified and paid for, forthwith rectify, or remove the reconstruct the work as specified in whole or in part, as the case may require or as the case may be removed that materials or articles so specified and provide other proper and suitable materials or articles at his own proper charge and cost, and in the event of his failing to do so within a period to be specified by the Engineer-in-charge may rectify or remove, and re-execute the work or remove and replace with other material, or articles complained of, as the case may, at the risk and expense in all respects of the contractor.

b) If imperfect material/ workmanship of a reasonable limits are accepted, rates for the corresponding items, on which such materials have been used, shall be reduced by the Addl Superintending Engineer/Engineer-in-charge of the work whose decision shall be final & binding on the contractor.
